## LICENSING FLASHES

The Licensing Flash is a one-stop-shop news update sent electronically to subscribers, but only IoL members can access the full stories on our website. The flash news stories are open to all, however, only members have access to the library. The Licensing Flashes provide up-to-date information on news stories that are of interest to those in the licensing field.

## BESPOKE TRAINING

Why not let our trainers come to you!? If you have a specific need we can source the trainer, put together a course syllabus and assist with the administration.

For more information contact us via email to: [training@instituteoflicensing.org](mailto:training@instituteoflicensing.org).

## 12 REGIONS

Each region has an active committee made up of volunteers from within the licensing profession. Regional training days are held regularly and are often **free to members** or heavily subsidised by the regions and generally offer CPD accreditation.

It is worth noting that a member of one region can attend any region's training events at the same cost as the member in the host region.

## JOURNAL OF LICENSING

The Journal is **free** to IoL members. Personal members receive their own copy and organisations receive a set number of copies depending on the membership level. Back copies of past Journals can be purchased. Published three times a year (March, July and November), the Journal provides up-to-date articles and opinion pieces on topical issues and case law.

## LINK MAGAZINE

The Institute of Licensing's newest publication LINK Magazine, (Licensing, Information, News and Knowledge) a new fresh look at Licensing. LINK will provide you with news and information about licensing, the IoL and other areas of interest and relevance.
